

Amazon Web Services Consulting for K-12 Schools

PLANNING & CONSULTING

We collaborate with you to develop a comprehensive cloud migration and adoption plan based on a three-stage approach to ensure you maximize the benefits of the AWS Cloud.

- Discovery and audit
- Analysis and decomposition
- Migration strategy and planning

WORKSHOPS & TRAINING

Custom staff training and workshop experiences to help your team move from cloud-curious to cloud-capable—from DR to data analytics. Workshop topics include:

- Organization and IAM configuration
- Disaster recovery and backup
- Change management

WORKLOAD DEVELOPMENT

Our team has been using AWS Services to support K-12 infrastructure and web services since 2008 and can help you migrate existing technology solutions to the AWS Cloud.

- AWS Certified Solutions Architects
- Multi-platform and OS support
- Rapid prototyping and testing

About Clarity Innovations

We are a professional services firm and AWS Consulting Partner whose mission is to help improve the practice and process of teaching and learning through the effective use of promising technologies.
